Clinical Experiences

- Treatment of snoring and obstructive sleep apnea especially in patients with chronic pain using different types of mandibular advancement appliances.
- I have visited and managed hundreds of patients with chronic orofacial pain, temporomandibular disorders and chronic primary headaches since 2010.

- I have been trained in mindfulness (by Dr Lobsang Rapgay who is UCLA mindfulness center director) and have started mindfulness treatment for chronic pain patients recently.

-I have visited and managed patients with oral mucosal lesions since twenty years ago.

- I am experienced in treatment of patients with cryotherapy (N₂o and liquid nitrogen) and laser therapy (CO₂ laser).

Fields of interest

- Orofacial pain, chronic primary headaches and TMD
- Dental sleep medicine
- Xerostomia (treatment)
- Oral mucosal lesions (especially oral ulcers)
- Oral cancer and precancerous conditions (epidemiology)
- Herbal medicines

Teaching experiences

I have taught the following subjects to undergraduate or postgraduate dental students at Kerman faculty of dentistry several times:

1. Causes of non-odontogenic toothache
2. Trigeminal neuralgia and trigeminal neuropathy
3. Dental sleep medicine
4. Temporomandibular disorders
5. Burning mouth syndrome
6. Lip lesions
7. Causes of early tooth loss
8. Laboratory tests in dentistry
9. Oral ulcerations and vesiculobullous diseases
10. Salivary gland diseases
11. Oral red and white lesions
12. Oral pigmentations
13. Oral exophytic lesions

14. Dental and medical considerations in medically compromised patients
